

VINYL SILK

A water based easy to apply quick drying wipeable finish for broad walls and ceiling areas.

AVAILABILITY	
Colour Range	Brilliant White and Magnolia
Packaging	2.5L and 5L
PROPERTIES	
Suitable Surfaces	Internal Walls and Ceilings
Drying Time @ 20*C/65%RH	Under normal drying conditions touch dry in 2 hours and recoat after 4 hours. Allow for adequate ventilation during the drying period.
Finish	Silk
Composition	Pigment: Titanium dioxide, coloured pigments and extenders
	Binder: Acrylic polymer
	Solvent: Water
Spreading Rate	Up to 15m ² per litre on smooth surfaces
Wet Film Thickness	66 micrometres at 15m ² per litre
Dry Film Thickness	20 micrometres at 15m ² per litre.
Volume Solids	30% White. Other colours will vary.
Flash Point	Not applicable
VOC Content	EU limit value for this product (cat.A/b): 100 g/l (2010). This product contains max. 1 g/l VOC.
Limitations	For interior use only. Do not apply when air or substrate temperatures are likely to fall below 8°C or when the relative humidity is above 80% during application or the drying period.
PREPARATION	ponodi
New Surfaces	 All surfaces must be sound, clean, suitably dry and free from anything that will interfere with the adhesion of the materials to be applied. Porous surfaces should be coated with a 'mist' coat of Crown Contract Vinyl Silk diluted with 40% clean water by volume. Where clean water is not available, apply one coat of Crown Trade Covermatt Drywall Primer. Any areas of surface filling after priming should be touched in with the priming or mist coat diluted as for main areas. Polished or dense surfaces should be primed with Crown Contract All Purpose Primer or where a water-based alternative is required Crown Trade PX4 Primer.
	Powdery surfaces should be primed with one coat of Sandtex Trade Water Based Stabilising Solution .
Previously Decorated Surfaces	All surfaces must be sound, clean, suitably dry and free from anything that will interfere with the adhesion of the materials to be applied e.g. dirt, grease etc. Remove all loose, failing or suspect paint. Feather edges of sound paint. Organic growth must be treated with Sandtex Trade Fungicidal Solution and removed. Fill any fixing holes, cracks and shallow surface defects with Sandtex Ready Mixed Filler . Patch prime bare, filled and powdery areas as

P O Box 37, Crown House, Hollins Road, Darwen, Lancashire, BB3 0BG. Tel: 01254 704951 Crown Paints Ireland Ltd, Unit 8A, Coolmine Central, Porters Road, Coolmine Ind Est, Dublin 15, D15 AX9A. Tel: 00353 1 8164400

TECHNICAL DATA SHEET

Bit of new surfaces above. Wash remaining sound paint with not water and ilquid detergent solution to remove any contaminants, frequently changing the water. Any glossy or eggshell surfaces should be wet abraded to provide a key. Rinse with clean water to remove all residues. Allow to dry. If after cleaning any areas are still contaminated with substances likely to cause staining and / or bleeding, patch prime with one coat of Crown Trade PXA Primer. Bring forward primed areas with one coat of Crown Contract Vinyl Silk. COATING SYSTEM Apply two coats. Certain colours may require additional coats to give complete obliteration. APPLICATION Stir well before and during use. Apply using good quality tools - synthetic brush or medium pile roller. For airless spray dilution may be required. For further information tollow the spray manufacturer's guidelines. Always intermix (too) packs for colour consistency. Please check for colour accuracy prior to application. Crown Paints is not liable for decorating costs caused as a result of an incorrect colour being applied. CLEANING Return surplus material to container. Wash tools & equipment with clean water or a warm soapy solution & rinse immediately after use. STORAGE Store urgifth and secure. Store in secure dry conditions inaccessible to children or animals. Containers should be kept closed during storage. Do not store below 5°C or above 40°C. MAINTENANCE INFORMATION Retween maintenance redecoration, surfaces may be washed with a warm water and liquid detergent solution to remove surface dirt. HEALTH AND SAFETY Please refer to the Sately. Health and leace of purchase or the address below. Do not empty into drains, watercourses or access		
Certain colours may require additional coats to give complete obliteration. APPLICATION Stir well before and during use. Apply using good quality tools - synthetic brush or medium pile roller. For alress spray diluton may be required. For further information follow the spray manufacturer's guidelines. Always intermix (box) packs for colour consistency. Please check for colour accuracy prior to application. Crown Paints is not liable for decorating costs caused as a result of an incorrect colour being applied. CLEANING Return surplus material to container. Wash tools & equipment with clean water or a warm soapy solution & rinse immediately after use. STORAGE Store upright and secure. Store in secure dry conditions inaccessible to children or animals. Containers should be kept closed during storage. Do not store below 5°C or above 40°C.
